

It's about quality wine

Township 7 Vineyards & Winery
Naramata Bench winery

At Township 7 it's about quality wine. No trinkets, no accessories, no restaurant, only wine!

We have a singular focus. We believe premium winemaking starts in the vineyard. Our winemaker carefully selects specific sites for their unique and diverse characteristics from our estate vineyards and from long-time partnerships with our team of growers throughout the Okanagan and Similkameen. This care extends to viticulture and winemaking, with all fruit hand-harvested, followed by gentle pressing to preserve fruit integrity. Our fine wines are made in small lots and reflect the special terroir of each vineyard, this is expressed in the wine's complexity of flavours.

Founded in 2000, we have two BC wineries, one situated in the scenic Fraser Valley and the other on the picturesque Naramata Bench in Canada's premier wine region, the Okanagan Valley. Our winery is named after the historic community of south Langley, who's original name in the late 1800s was "Township 7"- the cottage on our property is a homesteaders building from the 1930s.

South Langley

Township 7 Langley is located in the beautiful south Langley countryside in a quaint building reminiscent of the many riding stables in the neighbourhood. Similar terroir to Champagne, France enables us to produce outstanding méthode traditionnelle sparkling wine with the Chardonnay and Pinot Noir grapes from our Langley vineyard. Our Langley winery offers a convenient wine country experience without having to leave the city.

Naramata Bench

The jewel of the Okanagan, the Naramata Bench is a place of great beauty and personality. Township 7 is situated at the start of the Bench, with picturesque rolling hillsides overlooking Okanagan Lake. It is a remarkable setting that's perhaps the most scenic wine region in all of North America. With its moderate temperatures, abundant sunshine and cooling breezes, the Naramata Bench is ideal for growing aromatic wines, with our estate vineyard planted primarily in Pinot Gris and Gewürztraminer.

"When the Queen and the Duke of Edinburgh toured Eastern Canada in June and July, they were served, among other things, a chardonnay from Township 7. Lucky them. The B.C. winery produces excellent wines from both the south Okanagan Valley and from vineyards around Langley, southeast of Vancouver."

Beppi Crosariol, Globe & Mail

Expressive of the terroir in which they are grown, our wines have won innumerable Canadian and International awards.

Reviews of particular note include: Lt. Governor's award for our Syrah; *Wine Spectator's* former senior editor, James Suckling named our Sauvignon Blanc best white wine in Canada and our Merlot best Merlot in Canada; as well our seven stars was recently honoured with two Best in Class distinctions at the 2018 Cascadia Wine Competition and the LA Int'l Wine Awards.

In addition, our Chardonnay was chosen to be served to Her Majesty Queen Elizabeth at a state dinner hosted by Rt. Hon. Prime Minister Harper at a state dinner in June of 2010.

Holiday Open House | Dec. | Naramata & in Langley

Our winemaker: Mary McDermott

Winemaker, Sommelier, Explorer.

Mary's wine journey began as Sommelier at Niagara's fine dining restaurant, Inn on the Twenty, while finishing her Bachelor of Science in Oenology and Viticulture at Brock University. Obtaining her first taste of winemaking, she landed at Niagara-on-the-Lake's prestigious Stratus Vineyards as cellarhand and then assistant cellarmaster at Cave Spring Cellars. Soon thereafter in 2010, Mary joined Niagara's premier winery family, Peller Estates premium wineries; Trius Winery at Hillebrand and Thirty Bench as their winemaker. A desire to pursue a lifelong dream of crafting small production wines in the picturesque Okanagan Valley prompted Mary's move in 2014 to the warmer climes of B.C.'s renowned Naramata Bench as winemaker for Township 7 Vineyards & Winery.

*"Are you in the mood for an afternoon outing to wine country?
Start at Township 7 Vineyards & Winery. These are highly
impressive small-lot handcrafted wines that will blow you away
with their complexity and full-bodied lushness. If lucky you'll
visit during one of the winery's many summer jazz, theatre and art
festivals."*
